Jennifer Juarez

Full Stack Software Engineer / Software Developer

Atlanta, GA | (347) 399-7744 | jenniferjuarezjj@gmail.com | | [GitHub](#) | Portfolio | [LinkedIn](#)

I am a Software Engineer who decided to take a leap and attended a 12-week immersive SE course. I completely fell in love with problem-solving and the continuous cycle of learning. As a developer, I have found my passion in being challenged daily. I have knowledge in both front-end and back-end development. I want to work in an environment where I can feel included and have the opportunity for growth.
